

# ★ LUCKY TURTLE ★

As both scientists and cannabis connoisseurs, our two founders have taken their decades of experience in biotechnology and product development, and applied it directly to the cannabis industry.

## #trusttheturtle

- Never use remediated product.
- Small batch, single source, and strain specific.
- Organically grown with zero synthetic pesticides.
- Quality test 100% of our cartridges. Less than 0.2% failure rate (2 out of 1000).
- Truly strain-specific. Each batch has terpenes removed first (TrueTerps™) and returned to the same batch of oil just before formulation.

### BIOTECH GRADE CO2 CANNABIS VAPES
